

New England Coalition to Prevent Gun Violence

Weaknesses in our laws have made it too easy for prohibited buyers, including felons and domestic abusers, to illegally obtain guns on the street, through classified ads, and at gun shows from unlicensed, private sellers. This dangerous and unfair “secondary sales” loophole should be closed. Just like when buying a gun from a licensed gun dealer, a person buying a gun from a private seller should be required to show identification and undergo a criminal background check.
No background check, NO sale!
